## SAMPLER PROBES

4', 6', 8', 10' lengths, light weight Aluminum tube construction. 2 ft. or short sampler probe, takes 3/8" NPT extensions. **NEW ITEM:** Digital infrared bin probe. Instant temp. readings. Grain scoop 38" fiberglass handle.

**NEW AUTOMATED  
SMART CHARTS**  
for Model 919  
**NO MORE PAPER  
CHARTS!**

Select commodity, enter temp. & dial drum value and the % moisture is displayed.

Smart Chart Benefit: Increases measuring range of Model 919: allows for temps >30°C & <11°C. Test weight charts also included.

## SIEVES

Canola, Cereal, Flax sieve sets. Full range of sizes. Injection molded frame. Fits into existing metal sieves.

## BUSHEL WEIGHT EQUIPMENT

New plastic or alum. 0.5 L measure, Cox Funnels, strike off sticks, grading pads. **NEW ITEM:** Plastic regulation Cox Funnel, used on top of 0.5L measure.

## MODEL 919™ MOISTURE TESTER

- Attempts by another company to alter our Model 919™ moisture testers are NOT recommended.

- All components of our Model 919™ are manufactured at the Winnipeg production facility and will always be available.

- Visit [www.labtronics.ca](http://www.labtronics.ca) for a demo of our new ABS regulation cox funnel and 0.5L measure. Watch for the intro. of our new SEMI-AUTOMATED Model 919™ that measures temperature, displays dial drum reading, calculates moisture and provides printout.

## SCALES

Digital scales, Ohaus triple beam balances, Labtronics smart scoop for test weight, calibration weights and more.
